

# BIKE + GENERAL STORAGE

at your  
apartment  
building?

The Space Commander range of Over Bonnet and Double Decker storage units has been modified to create an exciting new range of BikeBox storage products – perfect for easily storing bikes, or surfboards, or whatever household or sporting items you have!

Since 2004 we have been leading the way in storage solutions for apartment buildings, and these 2 innovative, new products offer the practicality and versatility that cyclists have been looking for!

## FEATURES & BENEFITS

- Designed, engineered and manufactured to Space Commander's exacting standards
- Class 1 security rating as defined by Australian Standard AS2890 for bicycle storage
- Steel construction with aluminium doors
- Available with a ventilated floor to allow rainwater to drain off your bikes (no cost option)
- For indoor installation only - the basement of your apartment building or home garage
- Powder-coated external finish – Oyster Grey
- Secure, stainless steel locking system with keyed locks
- Adjustable feet for uneven floors
- Sits free standing in your car space
- Internal locking points for added security
- Internal access for E-bike charging cables
- Delivered and installed by our team of professional installers

# the BikeBox Tower

# the BikeBox Lo Rider

Both styles feature a cabinet at ground level for easy, convenient access

**Bike storage doesn't come any bigger or better!**  
Comprising one large lower cabinet that can store up to 5 bikes, and a smaller cabinet above for general storage and your sporting accessories.

**Available in 2 sizes**

**Not so much to store? Restricted height?**

If you only need one cabinet, or have a height restriction, the BikeBox Lo Rider is the solution. Space for up to 5 bikes and all of your cycling gear!

**Available in 2 sizes**

MODEL	Depth	Width	Height	Storage Capacity	PRICE incl. GST, delivery and installation
BikeBox Tower 1110	1,110 mm	2,510 mm	2,325 mm	5.6 m <sup>3</sup>	
BikeBox Tower 810	810 mm	2,510 mm	2,325 mm	4.2 m <sup>3</sup>	
BikeBox Lo Rider 1110	1,110 mm	2,510 mm	1,485 mm	3.2 m <sup>3</sup>	
BikeBox Lo Rider 810	810 mm	2,510 mm	1,485 mm	2.4 m <sup>3</sup>	

## OUTDOOR Bike Storage?

**We have you covered there also.**

The original BikeBox is a highly acclaimed and awarded product sold around the world. Manufactured in the UK, it is available in 3 colours and offers excellent security, protection from the weather, and ease of use. Delivered in 5 cartons for self assembly.
